18/05/2015

At the many-faceted community of Emerald City in North York, Emerald City Developments offers a kaleidoscope of fabulously functional suite designs that are real gems. The Opal is a perfect example, and you can tour this 901-sq.-ft. two-bedroom model in Emerald City 2 where 2014 move-ins are available. Crisp, cool and comfy, the Opal model is a must-see for design-savvy buyers.

An evolving community, master-planned Emerald City is ideally located at Sheppard Avenue and Don Mills Road, close to Fairview Mall and the Sheppard subway. Emerald City is home to the newly constructed 50,000-sq.-ft. Parkway Forest Community Centre, and offers a gymnasium, YMCA-run day care, rooftop garden, outdoor pool and pavilion. Creating a striking sense of place, Emerald City’s public art installation by Canadian novelist, visual artist and Office of the Order of Canada appointee Douglas Coupland includes a series of brightly coloured cones that stand from 48 to 60 ft. high and seven smaller cylinders.

Instilling an impressive level of trust in purchasers, ELAD’s development portfolio includes multi-residential projects and condominiums in Montréal and Toronto. Visit the temporary Emerald City presentation centre located at 62 Parkway Forest Dr., inside the Dream Tower lounge. Hours are Monday to Thursday from 11 a.m. to 6 p.m.; and Saturday and Sunday from noon to 5 p.m.

For more information, visit emeraldcitylife.ca or call 416.492.0001
Upon entering the open-concept main living area from the foyer, there is an immediate sense of brightness. Two walls of floor-to-ceiling windows, one with access to the balcony, allow for plenty of natural light. A light grey sofa and white leather dining chairs contrast with the suite’s dark kitchen cabinets and wood flooring.

One look at the Opal model suite, and you will understand the appeal of Emerald City’s layouts. This model showcases the potential that buyers have to create intimately personalized surroundings.
Linens in the master bedroom and the shower curtain in the ensuite boast a circular pattern.

In the second bedroom, which is situated at the opposite end of the suite for optimum privacy, the focus is on stripes in beige and grey.
